

# PITTSBURGH SOCIETY FOR COATINGS TECHNOLOGY

## Pittsburgh Society for Coatings Technology

Since its inception in 1927 when the PSCT was formed as Pittsburgh Paint and Varnish Club by a small group of paint and varnish chemists in Pittsburgh and Western Pennsylvania, members have benefited from the many opportunities made available through the PSCT. As part of its commitment to the professional development of the industry, the PSCT sponsors a wide variety of educational activities, covering topics critical to coatings formulation and manufacturing. PSCT members gain a technical advantage through ongoing access to information on new technologies and new solutions.

*Our thanks to IMCD US and  
Lanxess for sponsoring the  
printing of this brochure.*

MEMBER

**AmericanCoatings**  
ASSOCIATION

## Objectives:

- Promote welfare of technical coatings scientists, technicians, vendors through exchange of new and emerging technology.
- Promote continuing educational opportunities in the coatings industry.
- Promote networking within the coatings industry of Western Pennsylvania.
- Promote educational scholarship to undergraduate students.
- Cooperate with the American Coatings Association (ACA) in promoting the educational programs within the national and international coatings industry.

## Programs:

- Monthly presentation of state-of-the-art technologies in the coatings industry.
- Monthly newsletter.
- Industry networking.
- Annual Golf Outing fundraiser to support the Hiram P. Ball Memorial Scholarship.
- Promotion of ACA Advancement in Coatings Series, CoatingsTech Conference, American Coatings Conference, American Coatings Show.

*Pittsburgh Society for Coatings Technology (PSCT) is a voluntary, nonprofit technical society serving the coatings industry in Western Pennsylvania.*

## Meetings:

Second Monday, September through May at various locations around Pittsburgh.

## Dues:

PSCT Membership is only \$40. To join the PSCT only, complete and mail in the membership form with your payment.

## Scholarship:

The PSCT Sponsors the Hiram P. Ball Scholarship to aid member's undergraduate students. Over the years, more than \$50,000 has been granted to qualifying students.

## ACA Membership:

The Science and Technology Professionals Membership provides an opportunity for individuals working in the industry to benefit from reduced pricing for educational and training programs, and to have access to science and technology goods and services.

## Benefits:

### INDIVIDUAL ACA MEMBERSHIP INCLUDES:

- Subscription to print and digital versions of CoatingsTech magazine.
- Subscription to Coatings Today bi-monthly e-newsletter.
- Online access to the Journal of Coatings Technology and Research.
- Discount on registration fees for conferences.
- Discount on publication orders.
- Web access to "members only" technical information.

To join, visit [paint.org](http://paint.org)

**PSCT MEMBER COMPANIES INCLUDE:**
